"THERE IS AT THIS MOMENT NO OTHER QUESTION THAN THAT OF FIGHTING. INFANTRY, ARTILLERY, AVIATION—ALL THAT WE HAVE ARE YOURS TO DISPOSE OF THEM AS YOU WILL. OTHERS ARE COMING WHICH ARE NUMEROUS AS WILL BE NECESSARY. I HAVE COME TO SAY TO YOU THAT THE AMERICAN PEOPLE WILL BE PROUD TO BE ENGAGED IN THE GREATEST BATTLE OF THE WORLD." GENERAL FOCH PLACED GENERAL PERSHING'S INFORMATION BEFORE THE COUNCIL AT THE FRONT, IT IS CLAIMED.

INVADERS MAKE SLIGHT GAIN AT FRIGHTFUL COST

BRAVE LADS GO OVER TOP IN DAYLIGHT

Feat Seldom Undertaken by Any Soldiers Is Accomplished by the U. S. Troopers in a Spectacular Dash.

(Associated Press Cable)

With the American Army in France, March 28.—Two officers and four men went over the top yesterday in broad daylight, a feat seldom accomplished.

Although the sun was shining and the sky was clear, the Americans decided to defer no longer their determination to learn definitely whether Germans were in great numbers in an enemy firing trench.

Machine guns were posted and the Americans, with grenades at their waist and rifles in hands clamored up from the fire step and over the top. They slid headfirst into the nearest shell hole and the journey was on.

From the American line the patrol members were seen to force their way through the enemy wire and one by one disappeared in the German front trench. During the next four hours the men in the trenches waited anxiously. During that time the Americans were inspecting 600 yards of the German trenches.

It was noon when first the head of an American was observed above an enemy trench. The watchers breathed easier. But at this moment the Germans discovered the patrol and rifle bullets began to smack against the trench side and bottom.

The six men lost no time in moving out, returning unscratched to our lines bringing all information.

GENERAL BELL IS OPTIMISTIC

Tells Senate Committee that British Withdrawals Are All Over Now.

By Associated Press Dispatch.

Washington, March 29.—The British withdrawal before the German advance was made according to prearranged plans and is "all over now," Major General J. Franklin Bell today told the Senate Military Committee.

He said the allies have known of the German preparations for the present drive since soon after they were begun and made active preparations to face it. General Bell recently returned from France.

BRITISH FORCES FIGHTING STUBBORNLY AND BRAVELY CONTEST EVERY FOOT OF GROUND TAKEN BY THE GERMANS.

SLOWLY THE GREAT WEDGE IS DRIVEN DEEPER AND DEEPER INTO ALLIED LINES

PARIS IS CONFIDENT THAT FOR THE GERMANS THE GREAT BATTLE IS ALREADY LOST AND FOR THE ALLIES IT IS ONLY BEGUN. BERLIN THREATENS NEW ASSAULT.

With the French Army in France, March 28.—(Associated Press Cable)—The Great German effort appears to have exhausted itself. At many places along the front of attack the enemy is being driven back and at others the French and British are offering firm resistance.

Infantry fighting has begun to give place to artillery battles and within the next few days the guns may speak loudly.

In this respect the British and French have the advantage, inasmuch as the Germans have been unable to drag much artillery with them. They are engaged in establishing themselves in the positions won, but have not had time to thoroughly organize their defensive.

PARIS CONFIDENT GERMANS HAVE LOST

Paris, March 29.—(Associated Press Cable)—The great battle is now raging over a front of more than 70 miles. The extension of the line has increased the number of German reserves engaged. Although thus far no decisive success has been obtained anywhere, there is increased confidence here.

The impression in semi-official circles is that the allies not only have held off the Germans, but now are no longer compelled to accept the course which the battle may take.

The general feeling is that for Germany the battle is virtually lost, that for the allies the battle is about to begin.

The operations thus far are accepted as confirming the fact that Paris was not the main objective of the German offensive, but the plans of the enemy was to break the connection between French and British armies, in which he has failed.

His main direct attack was westward toward the sea. The Germans seek Amiens because this town is an important railway center of communication with England. The loss of Amiens would be inconvenient, but not vital.

BRITISH FIGHTING STUBBORNLY

British Army Headquarters in France.—(Associated Press Cable)—The Germans were able to penetrate Marcelcave, 12 miles east of Amiens in the region south of the Somme, only by means of heavy massed attacks late yesterday which gradually forced the British back.

It was in this district south of the Somme that the invaders continued to make their greatest efforts. The British here are battling stubbornly and brilliantly against an advance which has been steady.

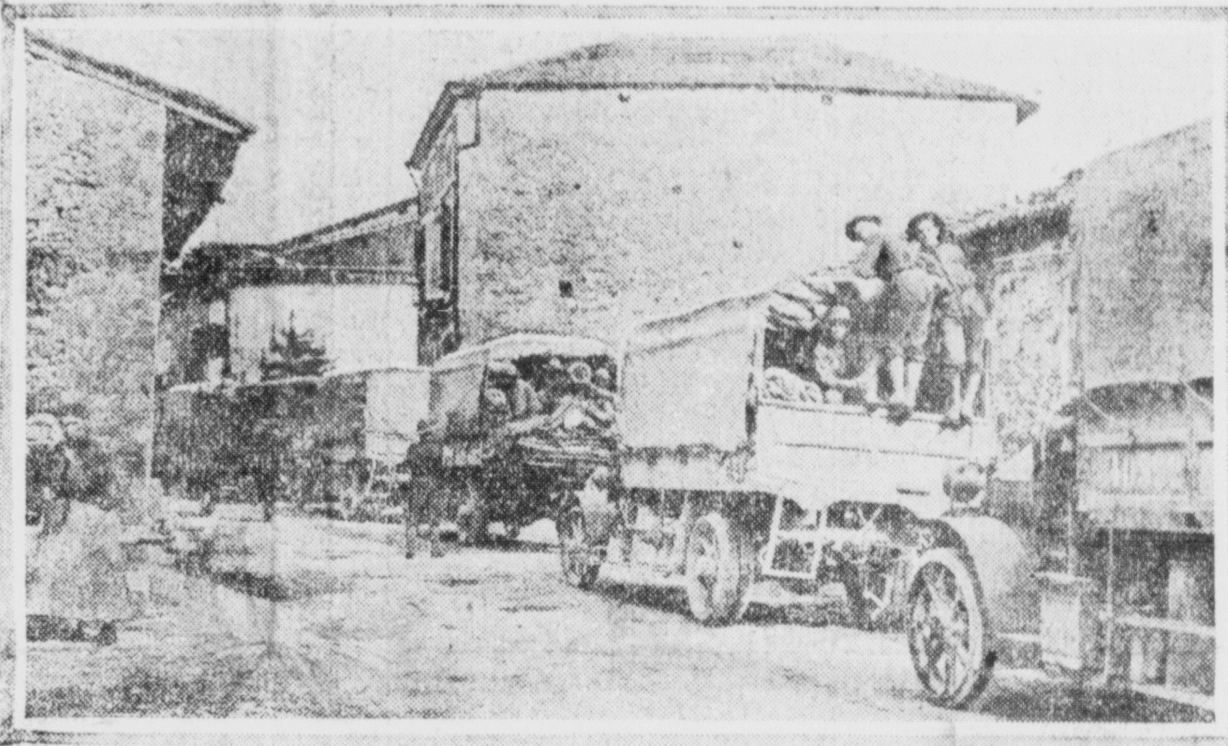

The conflict in this region has been most sanguinary and at latest reports it was continuing along a line represented roughly by Hamel, Warfuss, Abancourt and Marcelcave.

This point seemed to mark the extreme advance against the British. The German attack in this region was made from Cerisy on the Somme supported by artillery from across the river.

Yesterday's assault on the extreme northern and southern parts of the battlefield were in continuance of the German scheme throwing their lines out so as to broaden the salient which they have driven in and thereby possibly enable them to make an attempt to envelop Amiens.

The fighting east of Arras yesterday was of the most desperate nature, especially in the region of Telegraph Hill southeast of the city. Here the

masses of troops struggled at close quarters throughout the day, the British holding grimly to the defenses which guard the already war-shaken town. Neuville-Vitasse, southeast of Telegraph Hill was occupied by the Germans.

They also succeeded in getting a hold on Orange Hill further north. From these positions they were continuing their offensive. The resistance of the British yesterday south of Arras along the line of the Arras-Albert road was most gallant. Here the Germans advanced time after time for heavy attacks in the region of Ablainzeville but in every instance they were thrown back. At latest reports the line was being strongly held.

In the south of the Somme on Marcelcave the Germans pushed southward from Cerisy and then gradually swung westward until Marcelcave was occupied.

Although while the intense fighting of yesterday and last night along the front gave the Germans some further gains south of the Somme and a slight advance east and southeast of Arras along the greater part of the line, the assaulting enemy troops were hurled back with heavy losses.

BRITISH MAINTAIN POSITIONS

London, March 29.—On the Somme the British have maintained their positions and gained ground in places by successful counter attacks, the war office announces.

After holding their lines all day in the face of repeated assaults by numerically superior enemy forces, the British retired a short distance from their advance positions at some points. The Germans again suffered exceedingly heavy losses. The British took prisoners.

GERMAN THRUST IS HELD UP

Paris, March 29.—(Associated Press Cable)—Violent fighting continued last evening and last night in the region of Montdidier, the war office announces. In spite of German counter attacks the French held on to the territory they took yesterday. Moncel was taken by French troops. North of Montdidier French and British troops held up the German thrust. The German losses have been extremely heavy.

GENERAL FOCH IN COMMAND

Announcement of Further Plans for Co-ordination of Allies' Forces Expected.

(Associated Press Cable)

Paris, March 29.—There have been reports recently that General Foch, one of the most brilliant strategists

who was largely responsible for the French victory in the battle of the Marne, would be placed in supreme command on the western front.

The Daily Chronicle of London yesterday said an announcement bearing on the co-ordination of the allies might be expected immediately and that an influential role might be assigned to General Foch.

Four prisoners were captured by the Americans on the front northwest of Toul sometime during last night, according to reports filtering back from the line.

It is not known whether the prisoners were engaged in an attempt to raid the American positions or whether they were brought in by an American raiding party.

BANDITS KILL U. S. SOLDIERS

By Associated Press Dispatch, Marfa, Texas, March 29.—Ten Mexicans and Private Theodore Hay Albert, an American cavalryman were killed yesterday in a fight between United States cavalry and bandits near Plaries, Mexico, southeast of Valentine, Texas, according to official advice.

CLEMENCY ASKED

By Associated Press Dispatch, Sacramento, Cal., March 29.—President Wilson has telegraphed Governor Wm. Stevens asking executive clemency for Thomas J. Mooney, now under death sentence, it became known today.

Mooney was convicted in connection with a bomb explosion July 22, 1916, which caused the death of ten persons and injured 40 others.

NEW AND MIGHTY BLOW IMPENDING

(Associated Press Cable) Amsterdam, March 29.—The German supreme command is about to deliver a new and mighty blow on another part of the front which will "tear a new hole in the already pierced enemy ring" a Berlin newspaper declares.

DRAFT LAW CHANGE

Washington, March 29.—Preliminary to a final vote today the Senate apparently favored an amendment to the draft bill which would provide for compulsory military training for youths between 19 and 21 years of age by defeating a motion by Senator Jones of Washington to table it.

OLD FOURTH IN TRENCHES FOR WEEKS

Marysville Man, Former Captain, Just Home from France.

Says Our Boys Have, Also, Been Under Artillery Fire Every Day.

By Associated Press Dispatch.

Columbus, O., March 29.—The Old Fourth Regiment, Ohio National Guard, now the 166th and a part of the Rainbow Division in France, has been in the trenches on the western front since February 22, according to Captain A. Newlove, of Marysville, who arrived from France today after being discharged for physical disability.

Captain Newlove stated the Ohio troops are under artillery fire every day.

He stated the artillery fire begins in the afternoon and is quite heavy at night. In the morning there is comparative quiet.

CONGRATULATION WIRED TO FOCH BY THE PRESIDENT

By Associated Press Dispatch, Washington, March 29.—The first official reference to General Foch as being in supreme command of the allied forces is contained in a cablegram President Wilson sent the General today congratulating him on his "new authority."

The President's message said: "May I not convey to you my sincere congratulations on your new authority. Such unity of command is a most hopeful augury of ultimate success. We are following with profound interest the bold and brilliant action of your forces."

BEING SHELLED

(By Associated Press Cable) Paris, March 29.—Long range bombardment of Paris was resumed shortly after three o'clock this afternoon.

GLENN RETURNS

By Associated Press Dispatch, An Atlantic Port, March 29.—Major General Edwin F. Glenn, U. S. A., commander at Camp Sherman, Chillicothe, who has been at the front in France, arrived here today on an American ship.

CHANGE OF TIME WILL BE OBSERVED BY BUSINESS FIRMS

General Observance of New "Daylight Saving" Law, Beginning Saturday Night at 8 O'clock, When All Clocks and Watches Must be Turned Ahead One Hour.

There will be a general observance of the change of time in accordance with the new "Daylight Saving" law which becomes effective Saturday night and which will continue in force until the last Sunday in October.

In other words, business houses and the public in general will observe the

new time as they are now observing the present time, and opening for business, by the clock, as at present which will mean an hour more of daylight.

Stores and banks, offices, and all business houses generally, are preparing to observe the change, running along on the same time by the clock but getting more daylight.

The Herald office will be open as usual at seven o'clock, by the clock, and The Herald will go to press at the usual hour under the new time.

All time mentioned in The Herald will be the new time, and all announcements must carry the new time, as only the one time will be observed by The Herald, and by business firms in general.

Next Saturday at eight o'clock is the time set when the town clock will be turned forward to nine o'clock, and clocks and watches in the city and county generally will be moved forward at that time so there will be no confusion.

Trains will run on their present schedules, although they will have more daylight in day run schedules. They will maintain the schedules.

For instance, B. & O. train No. 33 that now reaches this city at 3:28 p. m. will reach this city at 3:28 p. m. under the new time.

Beginning with the time the clocks are turned forward Saturday night, the new time will be in effect, and all business will be conducted by it.

Railroads will turn their clocks and watches forward just one hour at two o'clock Sunday morning.

Don't forget to turn your clock or watch forward one hour at the stroke of eight Saturday night, and forget about any change—go by the clock as you do now. There will be no change of anything save the clocks.

IMPRESSIVE SERVICES HONOR THE DEAD

All that was mortal of Dr. L. A. Bryan, brought back from his home in Los Angeles, Cal., for burial in his home town, was honored in services of unusual beauty and impressiveness Thursday afternoon at the home of Mr. and Mrs. W. C. Eyre.

Rev. J. Vernon Stone, of Chillicothe, conducted the opening service. Rev. Arthur P. Cherrington assisting.

Rev. Stone brought out the Easter theme of love and the resurrection, with its infinite possibilities of comfort, effectively in a short address before reading the memoir.

Miss Daisy Cockerill sang with much sweetness, "In the Sweet Bye and Bye," and "Sometime We'll Understand."

The Elks closed the services with their ritual ceremonies, impressively conducted by the retiring Exalted Ruler, R. R. Kibler. Rev. David H. Barr, chaplain of the order, made a very beautiful talk along the line of Dr. Bryan's lodge affiliation.

The services were largely attended by friends and lodge brethren, quite a number attending from the old home near New Martinsburg.

The burial was made in the family lot of the Washington cemetery; the pallbearers Messrs. Harry F. Brown, H. C. Ireland, G. L. Spragg, Wm. Backenstoe, George Worrell, Dr. O. C. Moon.

Relatives here from a distance were the widow, only son Alvin, and sister Miss Clara Butler, who came from Los Angeles, with the body; Dr. and Mrs. Theodore Morgan, Theodore Morgan, Jr., of Marion, O.; Mr. and Mrs. Mahlon Butler, Misses Jennie and Edna Butler and Mr. Clell Butler, of Lancaster; Mr. Newton Adams, of Greenfield.

GLORIOUS BLOOM FROM THE BUCK GARDENS

Easter is gloriously proclaimed in the uptown display of the Buck Floral Gardens, personally in charge of the expert florist Jensen, in the Sales rooms of the Washington Auto Company on West Court street. Nothing could offer more radiant tribute to the bright Easter-tide than this mass of bloom a wonderful riot of every rainbow color—inviting the eye of every passer by.

The artistic arrangement for which the Buck gardens are famous no less than the perfection of the flowers grown, is markedly in evidence and the public verdict is that it is a wonderful display. It arouses anew, as these displays always do, local pride in the possession of such superb gardens.

The selection this year is very large and a splendid choice given in flowers of all kinds, exquisite Easter baskets, with fluffy little chickens peeping out from the blooms, and potted plants prettily decorated in new fashions. The hydrangeas are the most gorgeous that florist skill can grow and never have the roses—crimson ramblers, Joseph Perkins and Tausenchon—been as perfect. These roses later in the season can be planted and be of permanent adornment to the home.

Tulips, single and double, Easter bowers, daffodils, hyacinths, prim roses—in all colors and the stately ascension lily are shown in unrivalled luxuriousness.

So complete is the choice that no home need be without an Easter Souvenir and hundreds of the "shut ins" will find the Easter day brightened by a gift from the Buck gardens.

WILL BURN FODDER LEFT IN FIELDS

A record breaking amount of shock fodder will be burned in the fields by farmers this year because there is no use for it.

This is done in face of the fact that a very large amount of corn was left standing in the fields last fall because of shortage of help and extremely high prices.

PAY THEIR FINES

Joe Tapsico and Jack Kennedy, recently fined when found guilty of the illegal sale of intoxicants, have paid their fines and costs.

EASTER HATS

I offer 200 up to date trimmed hats at cut prices for tomorrow only. Come and see them. They are handsome and cheap. GLICKSMAN.

ROBE THIEVES ARE FINED \$10 EACH

Early in January seven robes and blankets were stolen from vehicles at one of the churches in New Holland, and since that time the persons losing the property, Clyde Hoti, Eric Ogen and James Kelly, have been conducting a quiet little hunt for the property, with the result that two of the robe thieves, Clarence Freeman and Chas. Stewart, both well known around Waterloo, Thursday afternoon faced Probate Judge Allen, entered pleas of guilty, and each escaped with the small fine of \$10 and the costs, amounting in all to \$16.62. Both paid.

It was learned that two others were suspected of being parties to the thefts of blankets and robes, and affidavits were later issued for these two men, who were to be brought in Friday.

Stewart is the young man who, a few days ago entered a plea of guilty to furnishing intoxicating liquors and was fined \$200 and the costs. He is not a new man to the authorities.

Lovell Strut was arrested Friday on the same charge. He was fined \$10 and costs.

Stand Firm

If there ever was a time in the history of the United States when the people should stand firm and face, squarely and honestly, every duty, meet courageously every disaster and accept uncomplainingly every disappointment, that time is now—the present. This is the crucial time in the history of the nation. It is the supreme crisis of the world, the greatest test to which a free government has ever yet been, or ever can be, subjected.

Great Britain is calling for men to check the avalanche which autocracy has massed on the battlefield of France for its great offensive. Patriotic and liberty loving Americans regret that we haven't an army of millions on the battlefield. It is the subject of regret. But it is a fact, a discouraging fact, a disappointment and it must be faced and accepted, not used as an excuse to grumble and complain and find fault with everything and everybody. Our failure to see clearly and appreciate fully the coming of this crisis in time to prepare is tragic now, in view of developments.

Had the American people realized two years ago the possibilities which have now become present facts America would be in a different position today. But the American people did not realize their danger.

We must accept and deal with conditions as they are and not seek some official or some department upon which to cast the blame which is properly our own.

In this time of disappointment we must realize and appreciate the enormous work which has been done, not complain because the impossible has not been accomplished.

Doubtless national officials have done, and omitted to do things which properly subject them to criticism, but there is a vast difference between just criticism and dangerous fault finding.

To raise, equip and transport an army of a million or more men to the battlefields of France has been a tremendous task, but when we add to that the other task of maintaining that army, realize the ship shortage and the submarine menace we can begin to grasp what tremendous task has been faced and we begin to appreciate what has been done.

This is no time for Americans to busy themselves in seeking for subjects about which to complain. Rather our every effort should be to find a just excuse, if any exists, for our failure.

Whether liberty remains to men depends largely on the conduct of men themselves, upon their realization that they in a free country are the government and that they must accept their full measure of responsibility, that they must solve these great problems as they arise. Our servants in public places are none the less servants in times of distress. They never can become masters and hence, justly, be made to bear blame which, properly, belongs to us all.

Let's not allow our anxiety to make us impatient and unreasonably complaining. If we are frank with ourselves we know conditions. Let's not magnify our disappointments, but accept the inevitable with that fortitude which the times require.

The Gun in St. Gobain's Woods

When the news was flashed to an anxious world on Saturday last that the Germans were bombarding Paris there were few indeed who did not at first pass over that item in the tremendously important news as so manifestly erroneous as to deserve little serious consideration.

Later dispatches, from the fields of battle in France, however, repeatedly referred to the bombardment of Paris, giving the time of its beginning and the number of shells which were being hurled upon the French capital and stating unequivocally that the shells came from a gun somewhere behind the German lines. Then people began to be interested in the news of the big gun, knowing that it could not, as the battle lines were drawn, be nearer to Paris than seventy miles.

The French airmen on Saturday evening located the devilish toy of the barbarians in St. Gobain's woods, seventy-six miles from Paris. The big gun story was substantiated beyond all doubt.

So far as a real fighting force is concerned the big gun is negligible in its effect. Its use is only intended to amaze the world with another achievement of German "efficiency" and to shatter the morale of the French people.

In both it has failed. The first shock soon wore away and a world which has seen Belgium violated, unarmed ships sunk without warning, hundreds of civilians killed in air raids over noncombatant territory has refused to become panic stricken about a gun that will throw a shell seventy-six miles.

So far as the determination to win the war is concerned the big gun in St. Gobain's wood may continue to bark regularly every 15 minutes, harmless save that it adds more barbarities to the already long German list.

Poetry For Today

THE ROLL OF HONOR
(New York Herald)

Are you reading the Rolls—the Honor Rolls—
Of our men who have died to make men free?
Are you taking the lesson to your souls
Of the heroes who die for you and me?
They have given their all at country's call
But what are YOU doing in safety here?
While the men at the front in battle fall
Are YOU helping the cause they hold so dear?

Are you passing by with an idle glance
These Honor Rolls as you sit at ease?
Do YOU know that they have died for you in France
Or have perished for YOU on Hun scourged seas?
Do you realize that this is YOUR war too,
And that all must bear the share of the brunt—
That everyone has his part to do
Whether here at home or on battle front?

There's a Roll of Honor for all who try
To do their duty as well as they may
And the names on that roll will never die,
Though they be not blazoned from day to day,
Names of men who give and women who knit;
All doing their best for the land they love,
On that Roll of Honor in gold are writ
By angels recording their acts above.

RESTFUL SLEEP FULLY RESTORED BY NERV-WORTH

J. L. Higgins Tells How Nerv-Worth Brought the Blessing.

At the Nerv-Worth drug store in Huntington, W. Va., Mr. Higgins declared he would often be awake for hours at a time before Nerv-Worth put him into condition to enjoy sound sleep. This is the remainder of what Mr. Higgins said:

"I saw Nerv-Worth advertised for indigestion and sleeplessness and I decided to try it. After giving it a fair trial I began to improve. I was paralyzed three years ago in my left side, which was the cause of my trouble. Nerv-Worth has been the best tonic I could get to make me sleep well and tone up my stomach. In fact, I can walk better than when I began taking Nerv-Worth and I believe it was Nerv-Worth that did it."

Saltin' It Down

Where I was "brung up" folks fattened a hog from early spring to late fall, and had hams, sides of bacon and pork for the winter. They called the preparatory process "saltin' it down."

Many of us folks will see the Winter of Life. Some will find it a long, cold, hard one.

Others who practiced "Saltin' it Down" in Life's early Spring will spend Life's Winter smug and snug at Palm Beach—figuratively, at least. Start "Saltin' it Down" now and here—in the bank that gave you the hunch.

DELCO-LIGHT Increases Farm Efficiency

1. Saves time and labor—Work formerly done under poor light and by hand can be done better and in less time with the aid of electric light and power.
2. Labor is attracted to the farm—The "back to the farm" movement is made practical when the conveniences afforded by electric light and power can be had in the country.
3. Keeps the boys and girls on the farm—Electric service on the farm offsets city attractions. Valuable labor and valuable young manhood and womanhood are saved to the country community.
4. Solves the retired farmer problem—Electric light and power make the farm home so attractive and comfortable that the farmer and his wife remain on the farm where their advice, experience, and immediate interests are of great practical value.
5. Lightens burden of the housewife—Increased farm work in war times means increased labor for the housewife. Electricity offers the only practical means of taking the drudgery of household tasks from her shoulders.

Delco-Light is a compact electric plant for farms or country homes. Self-cranking. Air-cooled. Thick plate, long-lived battery. Self bearings. No belts.

PRESBYTERIAN CHURCH

Rev. George W. Benn, D. D. of the

Indianola Church, Columbus was at

the 1st Presbyterian Church last

night. "Never have I seen a city so

disturbed and stirred in thought as

has been Columbus these past few

days" said Dr. Benn. "And moreover

we are humiliated. The greatest con-

test of history was being fought, and

without the help of American soldiers

save one company engineers. For a

year off we had put forward the rhe-

toric of preparation, but little of the

fact of it. We had not an aeroplane,

save one; not a cannon of our own

manufacture—a pneumatic warfare

we have been waging—that of wind,

and little else."

Tonight, Good Friday service will be

conducted by Rev. John T. Newell

the recently arrived Presbyterian

pastor, Greenfield. Sunday the Easter

services will be in charge of the pas-

tor. There will be an Easter sermon

in the morning, and a Cantata at

night.

BAPTIST CHURCH

Sunday School night brought out

an audience that filled the First Bap-

tist Church, Thursday evening.

The school occupied reserved seats

and sat in the order of their classes.

Besides the singing of the large choir

the Boys Chorus sang to the delight

of all the piece entitled, "Be a Hero."

The pastor's sermon was on the

topic "Growing Up, and Growing

Down." It made a deep impression

on the school.

Tonight the Sugar Creek Baptist

church will attend in a body. It will

be the final meeting of the series and

of culminating interest. The many

who have been attending and every-

body is cordially invited.

METHODIST EPISCOPAL

The two weeks series of pre-Easter

services will close with the Commu-

nion Service—The Sacrament of the

Lord's Supper—tonight at 7:30

o'clock. The Lord's table is for all

his children—old and young, rich and

poor, unlearned and learned. There

could be no more fitting time for this

service than on the anniversary day.

The Easter Sunrise service con-

ducted by the Epworth League is an-

nounced for Sunday morning at 6:30

o'clock new time 5:30 a. m. present

time).

Last evening representatives of two

Sunday School classes and four

groups—each in a body—attended

the service which was fitted especial-

ly to the young people of High School

age and older.

The pastor discussed the value of

christian cheerfulness, of meeting oth-

ers at least half way, of doing one's

full part and what seemed to be a

little more sometimes to make up for

failure of others to do their part.

The pastor showed charts which re-

vealed the importance of winning

people for Christianity in their young

years when the winning time is propi-

tious and when they have a life

time ahead in which to render Christ-

ian service.

DEATHS

DAVIS.

Mrs. Missouri Davis, wife of James Davis, aged 48 years, died Thursday afternoon at 3:30 o'clock.

Funeral services will be held Satur-

day morning at 10 o'clock at the resi-

dence on Gregg street. Burial will

be made in the Washington cemetery.

HAPPENNY.

Cassie Happenny, the six months' old child of Mr. and Mrs. John Happenny, died at 4 o'clock this morning at the residence near Fairview.

Funeral services will be held Sun-

day afternoon at 1:30 o'clock at the

Fairview church. Burial will follow

in the Good Hope cemetery.

MILLER

Daniel E. Miller aged 7 months, infant son of Mr. and Mrs. Edmond Miller, of Western Avenue died, Thursday night at 1:30.

Funeral services will be held Sat-

urday afternoon at 4:30 at the home.

At 5:50 the body will be shipped to

Dayton and from there to the former

home, Richmond, Ind.

**WAR EMERGENCY
FOOD SURVEY PLANS**

Miss Edna C. Endly, of the Ohio

State university, was here Friday in

consultation with the Council of Na-

tional Defense in regard to the war

emergency food survey inventory.

In the present emergency it is es-

sential that the Government and the

people know how much food there is

on hand, how much people are using

and how it is being used. This infor-

mation is desired as a guide in the

conservation and utilization of food

supplies for the United States and

for the countries associated with us in

the war.

TESTED RECIPES FOR WAR TIMES

(NOTE—Send in YOUR recipes. Mail or bring them to the Herald office. This column will be kept alive just as long as sufficient recipes are received. Editor.)

Scrapie.

¾ c corn meal; salt and pepper; 1-3 lb. pork with bone (shoulder, neck or ham shank).

Cook pork in water until the meat can be easily removed from the bone. Remove meat. Boil down the broth to about a quart or add water to bring it up to this amount. Cook corn meal in this. Add meat finely chopped, and seasonings. Pour into pans; when cold, cut in slices and brown in hot fat.

Meat and Corn Meal Croquettes

1 c. white corn meal mush; few drops onion juice; 1 c. chopped meat salt and pepper.

Combine the ingredients and drop by spoonfuls into hot fat. White corn meal may be very satisfactorily combined with any kind of cold meat to make croquettes. In general, corn meal croquettes need not be egged and crumbed like ordinary croquettes for the hardening of the corn meal on the surface of the mixture forms the necessary crust.

Indian Pudding

1 qt. milk; 1 c. corn meal; ¾ c. currants or raisins; 1 c. chopped suet; ½ t. salt; 1 t. cinnamon; ½ c. flour; 1 t. baking powder; 1-3 c. molasses.

Make a smooth mush with milk and corn meal. Then add currants, suet, and sifted dry ingredients. Mix thoroughly. Turn into greased molds and steam 3 hours.

BARN DESTROYED FRIDAY AFTERNOON

The fire department was called out at 1:45 Friday afternoon to extinguish a blaze in the David Parker barn on South North street, but the flames had gained such headway before discovered that the barn, a small structure, was destroyed. A cow was rescued from the burning building.

It is believed the fire started from a blaze kindled near it by two men who were burning refuse. An investigation is being made.

It was just one month ago today that the department was called out to extinguish a fire.

FUNERAL SERVICES HELD THURSDAY

The Crooks home on the Columbus Pike, was filled to overflowing Thursday afternoon for the funeral services of Mr. Walter Crooks.

Rev. J. G. Laughlin conducted impressive services, and a quartet composed of Messrs. Albert Hains, Raymond Scott, Mrs. Gertrude Holland and Miss Ethel Edwards furnished beautiful music.

A profusion of flowers, expressing the sympathy of many friends and relatives, surrounded the casket.

Messrs. Howard Stolpe, H. O. Brown, Frank Ellis, Charles Robinson, Walter and Henry Engle acted as pallbearers. The burial was made in the Greenfield cemetery.

Relatives here from a distance were: Mr. and Mrs. John Caldwell and family, Mr. and Mrs. Lewis Cook, Mr. Leslie Limes and Miss Allie Limes, all of Greenfield; Mr. and Mrs. W. A. Caldwell of Hillsboro; Mr. James Caldwell and family of Leesburg.

ACCUSED MAN IS STILL IN PRISON

Albert Huff, held to the grand jury and his bail fixed at \$1,000, has been unable to furnish bond and is still in the county jail, where it is expected he will remain until the common pleas court takes definite action in his case. A long term in state prison is provided for the offense of which he is charged by his daughter, and to which he has entered a plea of guilty.

There are four children in the Huff family, and these with the mother reside in West Lancaster, the mother returning home Thursday after an ineffectual attempt to obtain the release of her erring husband.

CALVES UNLOADED AND GIVEN FOOD

Word reached Chief of Police, D. L. Moore Thursday that a shipment of calves had come in by the Wells-Fargo Express to a certain well known farmer who refused to unload and feed them.

Investigation disclosed that the farmer claimed he was too busy to attend to the matter and Chief Moore immediately unloaded and fed them.

The calves are said to have been without food or water for over a day.

THOUSANDS DIE OF PNEUMONIA PLAGUE IN NORTH CHINA

(Associated Press Correspondence) Peking, March 15.—In spite of active quarantine measures adopted somewhat reluctantly by Chinese authorities, the pneumonia plague which has been prevalent for several weeks in northern Shansi and Inner Mongolia still causes apprehension in the capital. The total deaths now run into thousands.

The proximity of the infected district to the capital—Shansi is the adjoining province on the west—and its direct rail connection made the danger of the infection reaching Peking a very real one.

It is due to the efforts of Dr. Charles D. Tenney, Chinese Secretary of the American Legation, S. Barton, Chinese Secretary of the British Legation, Captain Pelliot of the French Legation and Dr. Funatsu of the Japanese Legation, acting as a committee representing the diplomatic corps who took upon themselves the work of investigating and making recommendations to the central government that the scourge is still more or less confined to northern Shansi.

On their recommendation General Chiang, former chief of Peking gendarmes, was appointed chief of the Plague Committee in active charge of establishing quarantine stations. Traffic on the Peking-Kalgan railway was suspended and strict inspection

RED CROSS ACTIVITIES

Instituted on the Peking-Hankow line. Quarantine stations were provided at all approaches through the Great Wall and a staff of experienced men sent into the district to investigate and isolate so far as possible all suspected cases.

Greatest difficulty was experienced at the inception of the quarantine campaign due to superstitious aversion by the populace to efforts of foreign investigators. Drs. Eckfelt and Lewis, after an autopsy had been performed to prove to the local magistrates the existence of the plague, were besieged in their quarters for several days by a mob led by the father of the suspect in question. Local opposition now has been overcome to some degree and efforts of the central government agents are meeting with better success.

OUR FALLEN HEROES

On the far off field of battle
Lie the dying and the dead;
Shot and shell above them rattle
And the ground with blood is red.

There's a long procession winding
From that field of blood and pain
Spirits of our heroes climbing
To the home that waits the slain.

Lost sheep there may be among them
Those that strayed when on this earth.
But the blood they shed will wash them
Clean of stain, and prove their worth.

Weep not for the heroes dying;
They will join the spirit band
That is slowly, surely climbing
To their home, in God's own land.

Woman Plans--Man Builds

Hardly a day passes that the housewife does not think—consciously or unconsciously—of HER home as she would like to have it. At her work she thinks the bedrooms should be lighter and more pleasant—there should be a good sleeping porch; in the kitchen things should be arranged more conveniently and built-in helps added; the dining room should be larger and have built-in features; in the evening while with the family she looks up from her work and pictures to herself how the front rooms of the house would look if they were built and arranged according to her ideas. At last she has her plan; every room and passageway is as clear in her mind as if a blue print had been made.

When a man builds a home he will do well to counsel with his wife, for the result will be a home of comfort, step-saving convenience, beauty and harmony. Ask your wife about it.

Remember we can supply you with good Southern Pine lumber and all kinds of building material.

CONSTITUTIONALITY OF GRAND JURY ATTACKED IN COURT

The local legal firm of Smith, Rogers & Smith, assisted by Post & Reid of Washington C. H., filed in common pleas court a plea in abatement, asking of the Court that the proceedings in the case of the State vs. Enoch McCord be withheld pending the investigation of the constitutionality of act of the grand jury in indicting McCord for whom the firm is counsel.

The story of the case begins with the marriage some years ago of Enoch McCord, a man of about 60 or more years, to a young woman. The next chapter deals with the divorce of the couple and the third takes up the matter at hand, being the grand jury indictment of McCord on the testimony of the divorced wife, who charged that he had assaulted her with intent to kill.

The grand jury in this county, before which the matter was brought for primary investigation, found a true bill against McCord.

Is There Any Grand Jury?
"Is there such a thing as a grand jury in Ohio?"

This is the question put to the Courts by the attorneys for McCord, who is asking for a cessation of the proceedings are asking an investigation of the matter of the legality of grand juries in Ohio.

No Provision for Grand Jury

When the constitution was redrafted in 1912, by the Constitutional Convention, the subject of the grand jury was made a distant part of the new document, but it was so worded as to make it necessary for the State Legislature to designate the number of men that should compose the jury, and the number necessary to find a true bill. RETAIL FUEL DISTRIBUTION FOR YEAR 1918

The United States Fuel Administration recommends and encourages the purchase and storage of coal and coke for necessary domestic requirements as early as possible in order, first, to insure the delivery of coal and coke for this purpose, and second, to assist the transportation companies by effecting delivery of as much coal and coke as possible before next winter.

In the purchase and storage of coal, however, the government warns consumers that they must not lay in more than is necessary for their requirements up to March 31, 1919.

The fuel orders are explicit and state that any customer who violates the regulations will be subject to the penalties prescribed by the Lever Act.

Therefore you are urged to secure your coal for next winter as soon as possible, but in doing so you must not provide beyond your needs to March 31, 1919.

No Legal Indictments
For that matter, if the point of the attorneys be sustained, there has been no legal indictments by grand juries in Ohio since the adoption of

the new constitution, and therefore the whole procedure of the Courts since that time has been without legal basis. Wilmington News.

Baby Chicks By Mail!

The Government is making every effort to encourage the profitable raising of Poultry and as a part of that effort is DELIVERING CHICKS BY MAIL—ACTUALLY PLACING the BABY CHICKS IN YOUR HAND.

HOW IS THAT DONE?

Simplest thing in the world. Send us any amount of money you choose to pay for Baby Chicks at rate of \$1.50 per dozen. Send the money by your mail carrier. That's all you need do and then your mail carrier, no matter where you live, under special government instruction, will deliver the Baby Chicks to you. He will not leave them in the mail box, but will bring them to your door and place them in your hands.

There is no other expense and there is nothing else at all for you to do. You need not even write a letter. Nothing could be simpler than this plan the government has adopted. Get busy and make money and help win the war by raising chickens.
